Rental agreement reminders

We know you're ready to get the car out on the road. Before you do, we recommend going over these rental agreement reminders to ensure a smooth ride for both parties.

Owners: Pre-Cruise Checklist

Before you hand over your keys, we suggest making sure you've taken care of the following items:

- Documents**
Verify a valid registration, up-to-date state inspection (if applicable) and proof of current insurance.
- Lights**
Make sure all required lighting is functioning properly, including turn signals, brake lights, headlights and all other DOT-required lighting.
- Identification**
Confirm the renter's identification matches the booking request and that their license is not expired.
- Operating instructions**
We suggest a short, five-minute demo ride to make sure the renter is comfortable with the operation of the car and any of its quirks.
